

YOU'D BE SURPRISED WHERE YOU FIND US

**As airspace gets more crowded, you'll find
Thales taking control.**

ATM systems face the same challenge worldwide: economic growth means more air traffic, putting dangerous pressure on existing systems. Thales is the safe choice for future development. We can take on prime contractorship and deliver complete turnkey solutions, gate to gate.

We already control the airspace in 180 countries: our EUROCAT ATM system is the industry standard.

In technology, we lead the way with Mode S radars and Automatic Dependent Surveillance-Broadcast (ADS-B). In European initiatives we're partners in the Single European Sky (Sesar) and Galileo satellite programmes.

**Fully equipped for the present; already
planning for the future. If you're looking
for the safest route forwards, call Thales.**
